FABULOUS PARTY

SCRIPT

It's time for a prize! If you have had a fabulous time, or you know fabulous women, this is the fabulous game. The highest compliment you can pay me in my Mary Kay business is to refer me to your nicest friends and family. If you refer me to mean people, I am going to know you don't like me! (ha-ha)

Here's how you play the game! You'll need your phone! Nobody remembers cell phone numbers these days! They must be 18 or older and must be a female that lives locally!

For every face I pamper, I personally make a donation to women and children in domestic violence shelters, so this is a cause near and dear to my heart.

You will write down your NICEST ladies - circle if you want me to text or call them. I won't stalk anybody because stalking is weird :), but I am choosing one winner today.

Here are the rules of the game:

You get 1 point for every person 18 to 24 and 3 points for every person 25 or older. The person with the most points in 5 minutes wins the prize in the center of the table!

Everybody pull your cell phone out. You have 5 minutes to play the game! On your mark, get set, go! (Put the music on)
