

MARY KAY®

Members of the Mary Kay independent sales force experienced incredible results after adding the *Mary Kay Clinical Solutions™ Retinol 0.5 Set* to their *TimeWise Miracle Set 3D®* or *TimeWise Repair® Volu-Firm® Set*. **AFTER THEIR 12-WEEK, NONBLINDED CLINICAL STUDY, THEIR TAKEAWAYS WERE AMAZING!**

“I’ve had more people comment, “What did you do different? Your skin looks amazing.””

“I love the fact I look more perky, awake and alive.”

“I had some brown spots. Those are gone.”

“Every single day, my skin feels better than the day before. It feels firmer.”

PIGMENTATION***

*Results based on a 12-week clinical study conducted with Mary Kay Independent Sales Directors who added *Mary Kay Clinical Solutions™* Retinol 0.5 and Calm + Restore Facial Milk to their *TimeWise®* or *TimeWise Repair®* regimens. For the first eight weeks, participants used Mary Kay's gentle retinization process, then increased frequency to every night as tolerated for the remaining four weeks. Because everyone's skin is different and frequency will be customized accordingly, individual results may vary.
