

*Results based on an independent clinical study in which 39 women used the product as directed morning and night for 8 weeks.

92% saw improved overall appearance
89% saw visibly firmer skin
87% saw more radiant skin
84% saw a reduction in fine lines

In an independent clinical study*, panelists experienced more resilient, radiant skin in just 4 weeks, plus better results over time. Put them together, and you've created something truly extraordinary. This "better together" pairing of two super-antioxidants in TimeWise Replenishing Serum C+E™ is supported by decades of scientific research demonstrating how this interaction improves antioxidant performance. Daily use delivers skin that's firmer, brighter – glowing with good health.

Extraordinary together.

Effective alone.

C+E:

Pure vitamin C (ascorbic acid) supports your skin's natural repair process. The antioxidant properties of vitamin C and the role it plays in supporting natural collagen production make this ingredient a vital component of skin health.
+Vitamin E. In TimeWise Replenishing Serum C+E™, vitamin C and vitamin E are encapsulated together so the pure version of vitamin C experiences a controlled release alongside vitamin E to help facilitate their dynamic cycle of replenishment. In addition, Vitamin E helps improve the stability of vitamin C.
Amla fruit extract (Phyllanthus emblica extract) is a rich source of vitamin C found in nature. It has a high antioxidant capacity to protect skin health and is shown to help support natural collagen production. Amla is full of nutrients including polyphenols, minerals and vitamins.
An oil-soluble vitamin C (tetrahexyl ascorbate) has been included in the formula to perform in areas of the skin traditionally hard to reach. Because vitamin C is naturally water-soluble, this additional source of vitamin C is included to enhance absorption.

How it works

desired), and moisturizer.

After cleansing, exfoliating, and toning, smooth all over face in an upward, outward motion. Use morning and night. Follow with other serums (if desired), and moisturizer.
