HOW TO BOOST FOR BEST RESULTS

After cleansing and toning, squeeze 6 to 8 drops (individual usage may vary depending on personal preference) into hands. You may find you need fewer drops, so you can adjust the usage amount to your individual needs. Evenly apply to your face and neck, avoiding the eye area. Once absorbed, follow up with your favorite *Mary Kay*® serum or moisturizer.

+ HOW TO LAYER BOOSTERS

Depending on your skin care concerns, you may choose to incorporate more than one booster into your skin care routine. You can use *Mary Kay Clinical Solutions*® HA + Ceramide Hydrator with any of the other three boosters, applying each product separately.

It is recommended to choose ONLY ONE of the other three boosters, based on your primary concern.

- + C + Resveratrol Line-Reducer
- + Ferulic + Niacinamide Brightener
- + PHA + AHA Resurfacer
