### Clinical Solutions™ HA + Ceramide Hydrator

Boost your skin's hydration with this solution-specific skin care booster!

In this dermocosmetic hydration booster, some of science's most acclaimed moisture superheroes-hyaluronic acid (2 types), ceramide and verbena officinalis extract-come together to plump and hydrate your skin while also supporting the skin barrier to increase your skin's moisture retention.

Use 2x per day, after cleansing & toning. Simply squeeze 6-8 drops into your hands & apply in patting motion to face & neck.

\*If using the C+ Resveratrol Line Reducer booster, use this hydrator booster AFTER.
