

# Hand Facials

FACIAL ON BACK OF ONE HAND

Travel Color Bag is filled with demo products for Hand Facials: Timewise Miracle Set 3D in both formulas, Timewise Repair set, light-to-medium and deep CC creams, Satin Hands set + disposable wash cloths. Sales tickets + pen.

## DEMO PROCESS:

1. On back of ONE hand put Cleanser and add water. Wash in circular motion.
2. Rinse and wipe off. Put Day Cream on back of hand and Night Cream on elbow. Finish with Eye Cream above the Day Cream on the hand.
3. Final Step - put contrasting CC Cream shade on the back of BOTH HANDS.
4. Have her compare the difference!

Key to contrasting the CC Cream on back of BOTH hands is that it will show the smooth and velvety texture of the 'treated' hand and the crepey, rough look of the nontreated hand.

With a BIG SMILE ON YOUR FACE, ask her: "Are your hands the same age? Which one looks YOUNGER by 5-10 years?"  
Of course, it will be the treated hand!

## SATIN HANDS DEMO:

1. Put Satin Hands Softener in palm of one hand.
2. Add Satin Smoothie and then rub hands together all over both hands
3. Rinse and pat dry.
4. Add Hand Cream
