

Get ready for a new kind of Miracle

Skin has natural defenses to help protect itself and recover from damage. But day after day, your skin is exposed to environmental stressors that can overwhelm its defenses and speed up visible skin aging. The TimeWise® Miracle Set® is specifically designed to **reset the pace** of skin's visible aging. Available in skin-specific formulas, this set *defends* the skin from age-accelerating free radicals; *delays* the look of premature skin aging with broad spectrum UVA/UVB protection; and *delivers* visible improvement of multiple signs of skin aging.

The TimeWise 3D® Complex powers each piece of the Miracle Set!

Did you know that only 20% of most visible skin aging is from the natural aging process? The rest? You can help protect against.

- In one day,** hydration is boosted and skin feels soft.²
- In 2 weeks,** fine lines start to fade, wrinkles start to soften and skin's firmness begins to improve.²
- In 4 weeks,** results continue to get better, while adding improved radiance, skin texture and overall appearance.²
- In 5 weeks,** skin's healthy glow is re-energized and skin feels more resilient.²
- After 12 weeks:²**
 - 98% of panelists had a 37% improvement in the appearance of fine lines.
 - 98% of panelists had a 51% increase in skin firmness.
 - 78% of panelists had a 20% improvement in the appearance of wrinkles.

COLLAGEN starts to deplete as we age. Beginning in your 20s, you produce approximately 1% less collagen in the skin every year – year after year! An **age-defying peptide** supports skin's natural collagen and elastin, to help improve the look of fine lines, wrinkles, and helping to keep skin plump and resilient.

BRIGHTENING, or radiance, often diminishes when skin is unhealthy or when skin is compromised by sun damage. Daily SPF protection along with **Vitamin B3**, a well-known brightening superpower, reinforces the look of radiant, even skin tone.¹

ANTIOXIDANTS fight free radicals, which are known to accelerate the look of skin aging and are caused by environmental factors. The **encapsulated resveratrol** found in the *TimeWise 3D® Complex* provides triple antioxidant benefits.¹ Think of it as the ABCs for skin: complex provides three critical dimensions of skin support. This scientifically proven, extensively researched and effective

Reset the pace of skin's visible aging.

4-IN-1 CLEANSER in formulas for Normal/Dry and Combination/Oily skin, this product accomplishes four essential skin-care steps in one;

- Thoroughly *Cleanses*
- Immediately *Refreshes*
- Gently *Exfoliates*
- and *Brightens*

ANTIOXIDANT MOISTURIZER is available in a replenishing Normal/Dry formula for skin that feels nourished, or a nongreasy Combination/Oily formula to help keep skin feeling balanced.

This antioxidant rich moisturizer helps reduce the look of fine lines and improves skin firmness and *hydrates* for up to 12 hours.³

DAYTIME DEFENDER protects skin from harmful UV rays with a Defender Sunscreen Broad Spectrum SPF 30⁴ and includes *prickly pear extract* to help strengthen₁ skin's moisture barrier, critical for helping keep good things in your skin and bad things out.

NIGHTTIME RECOVERY works when skin is most able to recover what can be depleted during the day. With an additional antioxidant boost from *chamomile extract*, this effective nighttime ingredient is known to help bring a soothing calm₁ to skin while you sleep.

Special Nutribeads® Duo suspended in the formula feature resveratrol (pearl beads) and a blend of vitamin derivatives (pink beads). These cellulose beads burst when dispensed through the pump to release the ingredients fresh to your skin.

EYE CREAM helps improve multiple signs of visible skin aging and fatigue, including fine lines, dullness, firmness and texture. It contains *algae extract*, which helps prevent under-eye puffiness₁ and helps reduce the pigment that contributes to the look of dark circles.₁

Skin behaves differently during the day than it does at night, and your skin care should too. During the day, it needs to be protected from the sun and environmental stressors. At night, skin works to repair and recover from the day.
