

# Thanksgiving Gifts for the Cook

Now is the time whenever you come in contact with anyone (male or female)...ask them .....what are your plans for Thanksgiving? If they share they are going to a friend or family for dinner, suggest one of your hostess gifts for the hostess.

If they say they are staying home, suggest a gift for whomever is cooking.

Call your customers and ask them the same thing. Most people will just pick up a bottle of wine for the cook.

When I was making the gifts today my husband came into my office and wanted one to send to his single parent co-worker as a gift so I added a mascara to her gift also.
